Can we bring back 0170 LDOs?

- Community must:
  - ✓ Conduct MOS assessment and demonstrate capabilities lost by not having LDO structure.
    - **Do we require expertise, with systems or equipment, that is beyond the duties of a warrant officer or senior unrestricted officer?**
  - ✓ Address the compensation issue.
    - **"Growth" of LDOs requires equal "loss" from somewhere. Why is the requested capability**
